Dear Sir:

The Applicant has the following comments on the Examiner's Reasons for Allowance which accompanied the Notice of Allowance which issued with respect to this application on February 28, 2005.

In the Reasons for Allowance, the Examiner basically quotes language, verbatim, from claim 1 and then indicates that the language is "as recited in amended claims 1, 14 and 16."

With respect to claim 1, the Examiner quotes language from that claim correctly. However, the quoted language cannot be found in either claims 14 or 16, and therefore the Applicant objects to the Examiner's Reasons for Allowance as the Examiner misquotes two of the three claims listed in the Reasons for Allowance.

Turning first to claim 14, it is noted that claim 14 is a dependent claim that depends upon claim 8. The language quoted by the Examiner cannot be found in either claims 14 or 8, and therefore the Reasons for Allowance are objected to on that basis.

The other claim mentioned by the Examiner, namely claim 16, is also a dependent claim that depends from claim 15. The quoted language cannot be found, verbatim, in either

of those claims either. As such, the Reasons for Allowance are objected to on that basis as well.

This application includes three independent claims, namely, claims 1, 8 and 15. Two of the claims are method claims and one of the claims is a system claim. Since these claims do not have an identical scope, it is assumed that the Examiner had at least somewhat different reasons for allowing each of these claims, and by grouping all of the claims together and then quoting the language which the Examiner evidently agrees connotes patentability for claim 1 tends to confuse the situation.

The Examiner is respectfully requested to issue new Reasons for Allowance, providing a separate reason for allowance of each independent claim in this application and by quoting, verbatim, the exact language of those independent claims which the Examiner believes to be appropriate in stating his Reasons for Allowance.

The issuance of new Reasons for Allowance is respectfully requested.

I hereby certify that this correspondence is being deposited with the United States Post Office with sufficient postage as first class mail in an envelope addressed to Commissioner for Patents,
